My Courses / CSC04	41502-F21R-5046 / Unit 1 - What is an Operating System and Overview / Unit 01 - Quiz
Started on	Sunday, August 29, 2021, 3:31 AM
State	Finished
	Sunday, August 29, 2021, 3:46 AM
	14 mins 56 secs
Grade	11.00 out of 15.00 (73 %)
Question 1	
Complete	
1.00 points out of 1.00	
Which of the followi	ng is tertiary storage medium?
Select one:	
a. magnetic ta	apes
b. register	
c. hard-disk o	Irive
d. main mem	pry
Question 2	
Complete	
1.00 points out of 1.00	
On UNIX, the setuic	d attribute on a program causes that program to run with the user ID of the current user's ID.
J. J. W., and Johnson	
Select one:	
a. No	
ob. Yes	
Question 3	
Complete	
1.00 points out of 1.00	
The two senarate m	nodes of operating in a system are
The two departed in	location of operating in a system are
Select one:	
a. kernel mod	le and privileged mode
b. supervisor	mode and system mode
o. physical m	ode and logical mode
d. user mode	and kernel mode

Question 4
Complete
1.00 points out of 1.00
Which of the following components of a computer system defines the ways to use system resources to solve computing problems?
Select one:
a. computer logo
b. application programs
c. operating system
d. computer hardware
Question 5
Complete
1.00 points out of 1.00
Solid state disks are considered volatile storage.
Select one:
a. False
○ b. True
D. Hue
Question 6
Complete
0.00 points out of 1.00
Which of the following is the definition of processor?
Select one:
a. a physical chip that contains one or more CPUs
○ b. the basic computation unit of the CPU
c. the hardware that executes instructions
○ d. including multiple computing cores on the same CPU
Question 7
Complete
1.00 points out of 1.00
Which of the following stage triggers the CPU switch from user program to interrupt processing?
Select one:
a. transfer done
b. interrupt signaled
○ c. interrupt handled
○ d. I/O request

Question 8
Complete
1.00 points out of 1.00
In what way is an operating system like a government?
in what way is an operating system like a government:
Select one:
a. It seldom functions correctly.
b. It performs most useful functions by itself.
c. It is always concerned primarily with the individual's needs.
 d. It creates an environment within which other programs can do useful work.
Question 9
Complete
1.00 points out of 1.00
The parties out of the parties o
The CPU catches the interrupt and it to the interrupt handler
Select one:
○ a. raises
b. dispatches
○ c. clears
○ d. catches
Question 10
Complete
Complete
Complete
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures?
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one:
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps Question 11 Complete 1.00 points out of 1.00
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps Question 11 Complete 1.00 points out of 1.00
Complete 0.00 points out of 1.00 Which of the following are used by Linux kernel as data structures? Select one: a. Hash Functions and Maps b. Lists, Stacks, and Queues c. Trees d. all of the other answers e. Bitmaps Question 11 Complete 1.00 points out of 1.00 MapReduce is a system which allows for parallel processing of data across nodes in the cluster.

Question 12
Complete
1.00 points out of 1.00
There is no universally accepted definition of an operating system.
There is no universally accepted definition of an operating system.
Select one:
○ a. False
Question 13
Complete
0.00 points out of 1.00
operating systems are designed primarily to maximize resource utilization.
Select one:
○ a. Network
○ c. Mainframe
○ d. Handheld computer
Question 14
Complete
Complete
Complete
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems.
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one:
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one:
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed?
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed? Select one:
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed? Select one: a. solid state drive
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed? Select one: a. solid state drive b. register
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed? Select one: a. solid state drive b. register c. cache
Complete 1.00 points out of 1.00 VMware is a virtual machine manager when it manages guest operating systems. Select one: a. Yes b. No Question 15 Complete 0.00 points out of 1.00 Which of the following storage medium is the slowest regarding access speed? Select one: a. solid state drive b. register
